# WHAT'S AIP LANGUAGE INSTITUTE?

Our initials stand for '**Advisers for International Programs in Spain**', meaning that we offer solutions in the shape of **holistic approaches** for those educational institutions or individuals wishing to come to Spain to experience **the perfect mix of cultural immersion and language learning**.

What started as a simple idea of **two brothers**, César and Fernando Ribas, back in 1995, ended up becoming their lifetime project. The idea took shape and **Advisers for International Programs in Spain was born in 1998**. Now, almost 20 years later, the school has around 60 employees, teaches 6 languages (including Spanish) and receives more than 2.500 students every year.

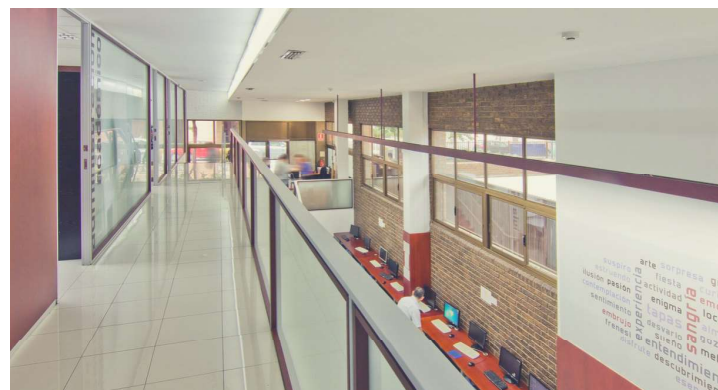

AIP's mission is to provide a **high-quality cultural immersion experience** together with **dynamic Spanish language teaching** to international students in a **supportive and friendly atmosphere** where students come first.

# OUR SCHOOL

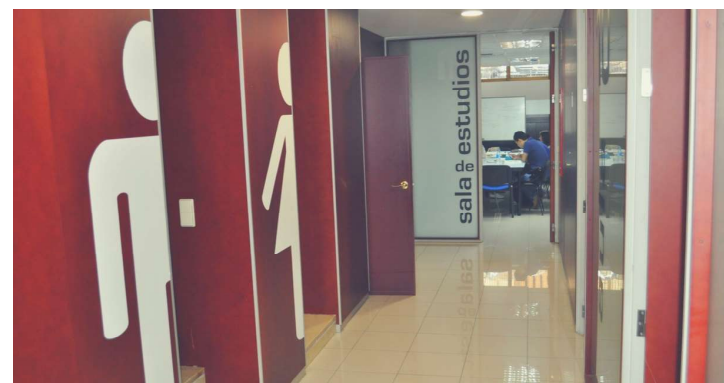

With an area of **more than 1000 square meters**, **AIP LANGUAGE INSTITUTE** has **23 interactive classrooms with Smartboard**, a **lounge room**, a **spacious hall** with free-access computers, a **learning centre**, **library** and **free WI-FI**.

We are located in a **pleasant and safe neighbourhood**, just a 10-minute-walk away from two of the most **important university campuses**, which gives our students the opportunity to live in a **young, lively and academic environment**.

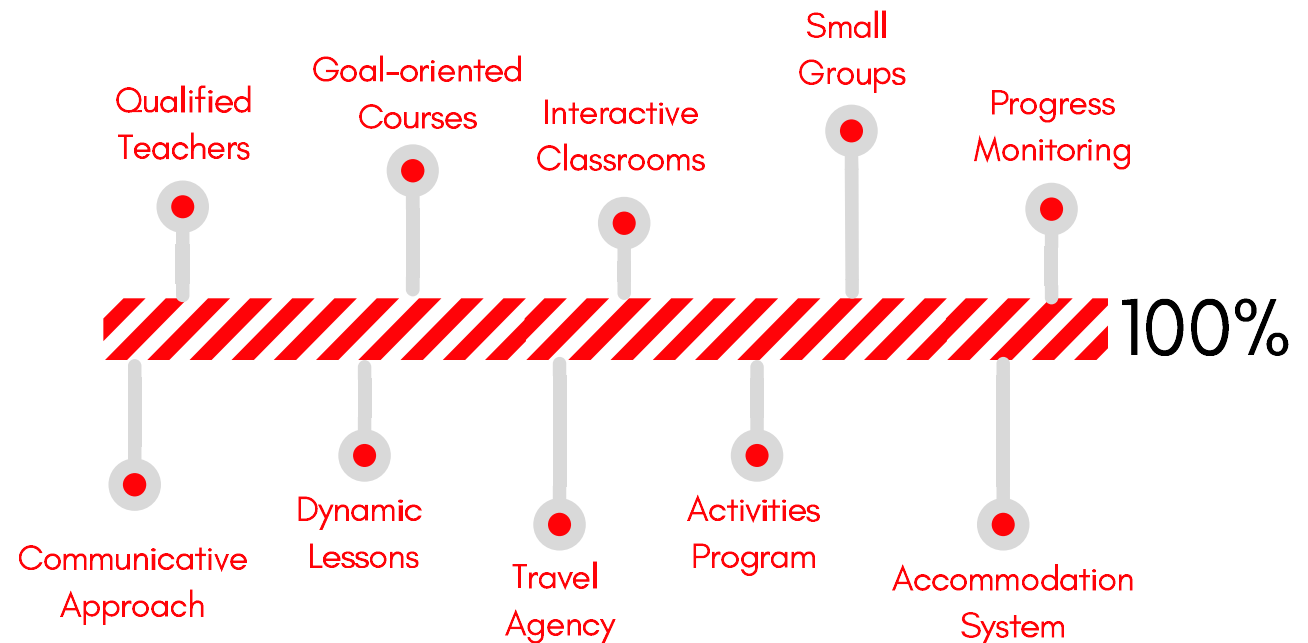

Both the **city centre** and the **beach** are very close to our school. The former is just **1.5 km away** and students can get there by subway or bus. And the latter is just **ten minutes away** by tram.

Within the school itself, students can find our own **travel agency** through which they can organise **exciting trips** to other **European cities**. Thanks to having our own travel agency we can offer **a wide range of weekly activities** as well as day or weekend trips.

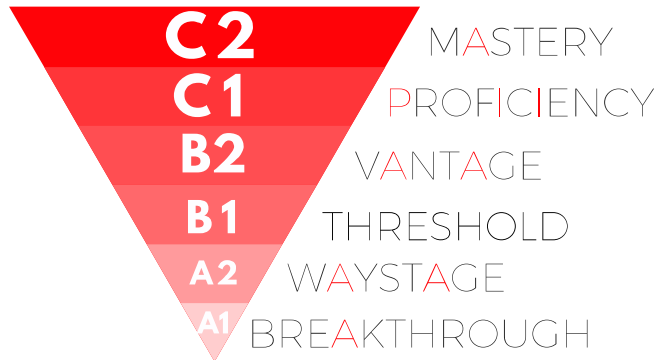

# LEARN SPANISH WITH AIP LANGUAGE INSTITUTE

**Loading:** Learning Experience Satisfaction

Our teaching approach follows the **Common European Framework of Reference for Languages** which not only helps us to organise the content of our lessons accordingly but also helps our students to **maximise their progress** and achieve the results they are looking for.

AIP Language Institute is an official '**Accredited Centre**' by **Instituto Cervantes** which gives our centre international recognition and allows us to teach Spanish as a Foreign Language under this seal of quality.

Offering highly dynamic Spanish lessons based on the **communicative approach**, taught by qualified native teachers in small groups, weekly tests, **strict quality control**, individual support and monitoring, are just some of the cornerstones on which our school bases its methodology system.

The school is also a member of the **National Federation of Spanish Schools (FEDELE)**, which lists the best Spanish language schools teaching Spanish as a foreign language in Spain.

# ACCOMMODATION

## A HOME AWAY FROM HOME

'Home'. Such an important word, right? When travelling to another country we usually start listing all the things we are going to miss about our own. But **coming to Valencia means experiencing the Mediterranean lifestyle**, broadening your mind due to the cultural traditions you are going to witness, awakening your taste buds with the delicious food you are going to find, overloading your brain and heart with feelings and sensations that only a city like ours can provide.

**Are you ready for all this?**

# H O M E S T A Y

This is the best option when looking for **direct contact with the Spanish customs and culture** as it provides plenty of opportunities to practise the language. In fact, it is highly advisable to share at least one meal per day with the host family to **improve your speaking skills**.

The host families we work with have our complete trust and we are sure they will **make everyone feel welcome**. They are warm, friendly and open people but do not expect them to speak English. Most of the ladies do not know how to speak it.

On the other hand, when looking for **more independence**, a shared apartment may be the right choice. It goes without saying that occupants must keep common areas clean and need to buy their own food and other necessary products.

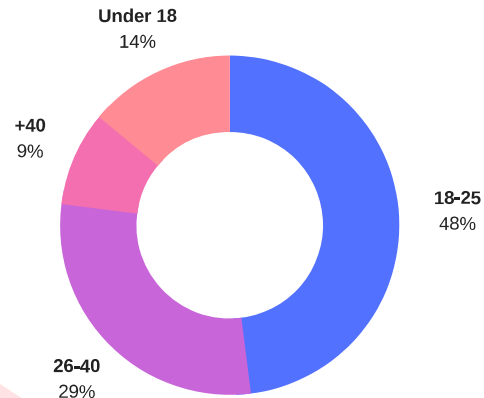

However, when sharing an apartment it is quite common for the occupants to bond with each other and create **lasting relationships**, especially when it comes to long-term stays.

# FREE TIME ACTIVITIES

**MAKE EVERY**

**DAY COUNT**

We know that the first days in a new country can be quite daunting. First, you need to get your bearings in the new city and then, it is quite likely you don't know anyone.

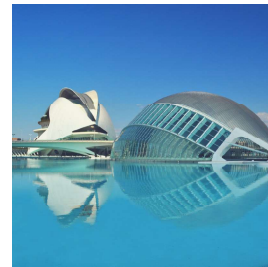

Scary as you may find that though, it shouldn't prevent you from making the most out of every single day you stay in Valencia. And there's where AIP Language Institute saves the day.

We offer a brand new activities list every week so that you always have something to do in the afternoon/evening. Most of these activities are free of charge and they are great to break the ice and start meeting people.

Then, at the weekends, we usually organise day/weekend trips to places like Madrid or Barcelona, or beautiful coastal villages where you can enjoy the sun, the beach and the food.

Moments are to be shared. And new memories are just waiting for you around the corner. Don't stand them up!
